Control your watering from anywhere you have Internet access with a Smart phone, tablet or computer. Compatible with Amazon Alexa so your raincloud will respond to Voice commands.

Setup is a breeze with a simple plug and play connection to your router and an app that makes scheduling easy and fun. Save water and fully automate with the addition of the aqua sentry moisture sensor which detects soil moisture and controls watering automatically

Water up to 4 different areas or zones with 1 faucet, all with independent watering schedules with multiple cycles throughout the day

No need to dig up your yard for an in ground system: raincloud works with standard garden hoses, drip systems, soaker hoses and all types of sprinkler
